VEHICLE REPAIR?

Euroins guide for vehicle repair to our
collaborating workshops

HOW WE DO IT:

Euroins cooperates with a wide network of audited and reliable workshops, for the responsible repair of your car, always on time and cost-efficient.

IF YOU ARE INSURED WITH EUROINS AND

YOUR CAR HAS BEEN DAMAGED IN AN ACCIDENT

...where an Amicable Settlement was made or through no fault of your own with an uninsured vehicle (according to the terms of the coverage)

YOUR CAR HAS BEEN DAMAGED

...by fire, natural phenomena, partial theft, etc. and you have the corresponding optional coverage

IF YOU ARE INSURED WITH ANOTHER COMPANY

...that is not covered by the Amicable Settlement and the person responsible for the accident is insured with Euroins.

WHY CHOOSE THIS WAY?

ARE YOU TIRED OF PROCEDURES AND INSECURITY?

- You are provided with a replacement car depending on the ability of the cooperating repair shop
- You are offered a warranty for the body paint and 12 months for the mechanical parts in the network of collaborating repairmen
- Numerous services such as pick-up and delivery at your place when the possibility is given by the repair shop
